ASTORIA'S SCHOOLS FOR OCTOBER

IMPORTANT SESSION OF BOARD OF DIRECTORS YESTERDAY MORNING—SUPERINTENDENT A. L. CLARK'S REPORT.

The board of school directors for Astoria district held a special session in the office of City Superintendent A. L. Clark, at the city hall yesterday morning, at which there were present the following named gentlemen: President J. E. Higgins, and Directors Gust Holmes and J. A. Eakin, Superintendent Clark serving as clerk of the board under the new arrangement.

Miss Emma Howard was chosen by the board to succeed Mrs. Josie McCormack, resigned, as one of the teachers on the city staff, but her assignment was not announced yesterday morning.

It was ordered by the board that the clerk hereafter deduct all fines assessed against the teachers of the district, from their respective salaries, unless said fines shall have been cancelled by action of the board.

The committee on repairs, of the board of directors, was directed to enter into a contract with Mr. Bourine for the laying of the new concrete floor in the basement of the Adair school building.

The following bills were duly audited and ordered paid by the board yesterday:

A. V. Allen.....	\$ 9.30
J. E. Wicks.....	5.00
Albert Sather.....	43.50
J. A. Montgomery.....	82.45
W. C. Laws.....	309.00

And the board awarded the contract for their installation to W. N. Smith, at the sum of \$336.70.

Adjournment was then taken until the meeting in course.

At the close of school hours yesterday, the first month of the school term was rounded out and City Superintendent A. L. Clark at once formulated his report for that period, from which the following interesting facts are taken:

The total number of scholars registered in the city is 1,363, or twenty-three less than at the same period last year; which may be accounted for on the hypothesis that the canneries are running this season and were not at the same time last year. The sexes are divided as follows, in this behalf: Boys, 676; girls, 687.

Enrollment totals are: Boys, 676; girls, 688. Total, 1,366.

Days attendance, 25,598.5; days absence, 518; per cent of attendance, 98. Average daily belonging, 1,325.9; average daily attending, 1,200.4.

Times tardy, pupils, 14; teachers, 0.

Improvements at Star Theater—Not long since, considerable alterations were made in the seat-plan of the Star theater. The new arrangement did not give satisfaction to the patrons of the house, and complaints were made that the seats had been placed too close together and that in certain rows one could not sit with any degree of comfort. Finding, upon investigation, that the complaints were well-grounded, Mr. Gevurtz, ever alive to the interest of his patrons, has completely remedied the evil. Yesterday a force of carpenters were put to work and the house again re-seated; quite a number of chairs were removed entirely and there is now ample room between each row, and the Star Theater is as comfortable and perfect in this respect as any place of amusement on the Coast.

Chinamen Replaced—The steamer Bonoke, out bound from this port, yesterday, carried twenty-six men and women (six of the latter) for the Port Kenyon Cannery, from which a number of Chinamen were returned the past week. Most of the men are skilled operators and will be able to rush the cannery to its full capacity, in doing which they will have the support of all residents in the district, that refused to tolerate the Chinamen.

Andrew Disorderly—For the second time Andrew Anderson played the part of the village cut-up Thursday evening and before the court yesterday afternoon in lieu of the cash equivalent was given two days in which to cultivate a new thirst and regret past indulgences.

Sudden Death at Seaside—Yesterday evening, while enjoying a friendly chat with his friend and host, Charles Du Boise, Dr. Reed, of Portland, suddenly sank in death without a vestige of warning, and in the most peaceful manner conceivable. He was an elderly man and had been suffering from his heart for some time. Dr. Lewis was summoned, but could do nothing, as the old gentleman was beyond all help. His remains will be prepared for shipment to Portland today, by Coroner W. C. A. Pohl, and will be cremated upon their arrival there.

From Nova Scotia—Mr. J. E. Higgins, accompanied by his daughter, returned on Thursday night's express, from their recent journey to the far East, where they visited friends and kinsmen in Nova Scotia. Mr. Higgins is somewhat fatigued with the long trip, and was not feeling any too well yesterday, but will be at his desk this morning as usual. They enjoyed the extended trans-continental trip exceedingly.

Card of Thanks—I take this means of expressing my sincere thanks to each, and all who in any manner contributed to the comfort and convenience of my home during the illness and death of my late wife.
